## **Ralston Avenue Sanitary Sewer Replacement Project**

During last week's pipe boring operations the City's contractor experienced some unforeseen difficulties which required changing the construction plans for the sewer project on Ralston. The new plan requires setting up three additional bore pits to provide easier access for inserting the pipe through the planned alignment.

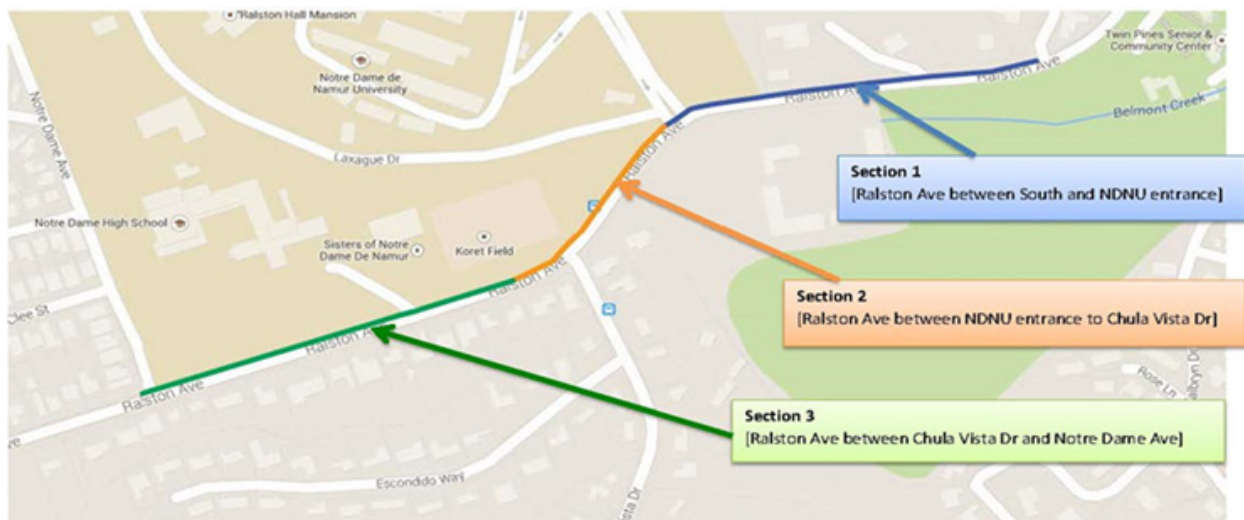

An extra pit was dug this week at the Ralston Avenue/Chula Vista Drive intersection. This operation required new traffic control plans to accommodate the relocation of the tunnel boring equipment onto Ralston Avenue, requiring closure of the westbound left turn lane to Chula Vista Drive. On Tuesday, 550 linear feet of pipe was successfully installed. Due to the upcoming Thanksgiving Holiday, this segment of the roadway has been reopened.

Weather permitting, the construction operations will resume on December 1<sup>st</sup> at the same location (Ralston Avenue/Chula Vista Drive intersection). Traffic control set-up will close the left turn lane onto Chula Vista during construction. An additional 600 feet of pipe will be installed from this location. Traffic delays should be expected on Ralston Avenue due to sewer main construction.

Additionally, Ralston Avenue WILL BE CLOSED BETWEEN 6:00 AM TO 7:00 AM ON TUESDAY MORNING (Dec. 2<sup>nd</sup>) to bring two sections of fused pipes (600' long) from Notre Dame Avenue to Chula Vista.

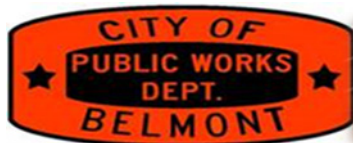

Make sure to include additional time into your daily commute and use alternate routes.

For additional information, please contact Public Works at 650-595-7425

### **Annual Tree Giveaway**

Thirty trees were given to residents this week as part of the Annual Tree Giveaway Program. The applicants apply in the fall through the Activity Guide and trees must be planted on their Belmont property. The City of Belmont has the distinction of being recognized as a "Tree City USA" from the National Arbor Day Foundation and staff enjoyed sharing this exciting experience with residents!

*"I wanted to say thank you for the fantastic plum tree! We are so happy to have it and appreciate it very much."*

*Regards,  
Resident  
Notre Dame Ave.*

**Fall Colors at Twin Pines Park**

The fall colors are visible at Twin Pines Park. The spectacular Ginkgo trees are in full color presenting a wonderful backdrop for the meadow. Every year, we receive many questions about a smell that comes from the meadow area. Unfortunately, some of our grand Ginkgo trees also produce a nut this time of year with a fruit around it that contains a chemical that smells similar to rotting butter. We came across this article which shows that we are not the only City that is dealing with the issue:

<http://www.bbc.com/news/blogs-news-from-elsewhere-30177505>

Although the trees can impact the nose they are a treat for the eyes. Come down to Twin Pines over the Thanksgiving weekend to see the fall colors.
